

INTERNSHIP REFERENCE

Mr. Eric Dall'Agnol, born on 20 May 1998, was employed with our company as an intern during the period from 16 March 2020 until 28 August 2020.

ALTEN GmbH is a subsidiary of the internationally well-respected ALTEN Group, one of the leading development service provider in Europe. We support our customers throughout the entire development process, from the initial idea to the production stage. The products and solutions we develop are applied and implemented in a variety of industries: automotive, aerospace, semiconductors, telecommunications, power engineering and medical engineering.

The work of Mr. Dall'Agnol largely comprised the following responsibilities:

- Processal and technical analysis and optimization of the Project Steering Application (PSA) used for supervising multiple projects
- Standardization of a project cockpit based on data extracted from the PSA and used for status report with the customer

Mr. Dall'Agnol has extensive and varied expertise, even in a number of fringe areas. He is able to analyse difficult problems appropriately and immediately, while quickly finding optimum solutions. Even when circumstances were acutely difficult, he always maintained control, and he made responsible and appropriate decisions in such situations.

Mr. Dall'Agnol undertook his work with great commitment and initiative. His identification with the task at hand was remarkable, and he coped well at all times, even when the workload was substantial.

We value Mr. Dall'Agnol as a very pleasant staff member who is reliable at all times, who integrates very well into teams and who made a valuable contribution to their performance.

The work that was given to Mr. Dall'Agnol was always completed to our best satisfaction and was fully appreciated at all times.

His conduct towards superiors, colleagues and customers was always exemplary.

We want to thank him for working with us and would like to wish him continued success, both in his career and his private life.
