

Dear Sir/Madam,

I hereby highly recommend Eric Dall'Agnol's application.

Eric started at Global Market Solutions as a final year intern in April 2021, and has been working on an assignment via our editor partner ACTIVEVIAM for the client MEAG until January 2022. During this first assignment, Eric showed great commitment and was praised by the customer for his ability to resolve complex situations. He was able to increase his skills on the ActivePivot back end, but also demonstrated his front end creativity on ActiveUI.

On the strength of this experience, we hired him on a permanent contract at the end of his internship, and he was selected for an assignment at Commerzbank to design a market risk application and work on the FRTB ATOTI accelerator .

In addition to his technical skills, Eric has excellent interpersonal skills. He's humble, pedagogical and reliable. In addition to his role as a fullstack consultant, Eric is manager of the Data Academy, helping us to test consultants and train internal resources.

If you'd like to get in touch with me, I'd be delighted to recommend Eric in person.

Tiphaine THOMAS

COO GMS France
